1956 Austin-Healey being presented with the 2014 "Spirit of Santa Fe" award.

The Spirit of Santa Fe award is given to a vehicle that represents the spirit of Santa Fe. This vehicle is one that would be at home driving under the blue skies and the twisty mountain roads that the Santa Fe area is known for. You or your company could sponsor an award like this as part of the 2015 Santa Fe Concorso.
